

F-1 Student Travel Endorsement Request Form

To travel outside the United States while on F-1 status, you must have a Travel Endorsement on your current I-20. To be eligible for travel, an international student must be in good academic standing and all financial responsibilities to the University must be current. Travel cannot conflict with the weekend class seminars and students are required to maintain weekly attendance while traveling (unless travel is during periods of vacation).

Submit your original I-20 (and dependent I-20 if applicable) with this form to your International Student Advisor/DSO. Travel endorsements are valid for one calendar year. If you have any questions, please email international@usuniversity.edu.
