Table 4: Graduation Rate by Program

Note: The graduation rates follow BPPE public reporting graduation rates. They are calculated at 100% on-time completions. The total 'number of students available for graduation' is the number of students who began the program minus the number of students who have died, been incarcerated, or have been called to active military duty (exclusions). The rate is calculated by the number of graduates divided by the number of students available for graduation.

Table 5: Time-to-Degree

The following table is only for students that have graduated from the degree program for the defined year period. The defined year period is from July 1 to June 30 to align with external reporting. For example, 2015-2016 covers July 1, 2015, to June 30, 2016. Time to degree is the elapsed time from the student’s expected start date and graduated date.
